

## Omega Optical Filter Set XF08

### FILTER SET COMPONENTS

**Exciter:** XF1005 (365WB50)

**Dichroic:** XF2001 (400DCLP)

**Emitter:** XF3006 (OG515)

### OTHER INFORMATION

Longpass green set with UV excitation. Brighter emission with a lower signal-to-noise and a higher background than XF09. The colour seen with this set varies with the emission colour of the dye.
